Vascular Science	Natural Chemistry	Epidemiology
Vascular Medicine	Polymer Sciences	Medical Sociology
Critical Care Medicine	Clinical Pharmacy	Applied Health Sciences
Medical Technology		Biomedical Engineering

Submit your abstract by 07 April or full paper by 30th May.

The revised paper based on reviewers' comments must be submitted on or before 30 July.

The abstract should include the **research aim or problem, a short description of the research background and methodology, and the key results or findings**. Follow the 'MRC paper template' available on the conference website to prepare and format the full paper for publication in the conference proceedings "MPRC Book of Papers".

The submitted abstracts and papers will be primarily evaluated by the members of the Technical Committee nominated by the *Conference Chair*. Full papers written and formatted as per the recommended paper template will be double blind reviewed by relevant experts of professorial level before accepting for publication in the conference proceedings. A limited number of papers and posters will be selected for oral or poster presentation in the context of the sessions. Only the selected full papers recommended by the reviewers will be considered for inclusion in the "MPRC Book of Papers".

Please email the abstract or full paper to: mprc@crisat.net

Further details can be found at the conference website <http://mprc.crisat.net/>
